Dear Mr. Lambert,

At the moment and for some time I won't be up to much talking or anything else. I've just had heart surgery.

However, if you want to discuss what you say in your letter of the 4th in a couple of months, fine.

Until then, a caution: don't accept all you read, including from the House assassins committee, as fact.

And don't susbtitute your own theorizing for fact.

Remember, the crime itself was never really investigated but that despite this a considerable amount of information is available. At least a third of a million words.

Have you mastered that?

And if not, can you really say what you tell me in this letter?

I'll be surprised if as you say you have discovered previously undiscovered fact about the shooting.

But if you have, great!

Best wishes,

Harold Weisberg
